RE: Mark Johnson

To Whom It May Concern:

It is my honor and privilege to be a reference for Mark Johnson. He worked for me at Stonebriar Community Church as the Director of Web Services and was a major component of the Leadership Team of the Resource Ministries Department.

Mark was responsible for administration, management and oversight of all church websites, social media networks, video sharing sites and all relative entities for Stonebriar Community Church.

Outside of the church Mark employed and managed over 21 contractors and services such as Axelerant, Contegix, Black Pulp, Hootsuite, YouTube, Facebook, Google, Mail Chimp and many others. Using web and social media technology his goal was to be a relevant resource for members, attendees, guests and ministries. He succeeded. He worked with IT, Communications, Database, Ministry Platform and media to provide support, planning, branding, content management, assets, consulting, proofing, design and integration.

As the Director of Web Ministries, I can vouch that Mark is a quick learner, patient listener and has a broad skill set for web, social media, audio and video technologies. He is analytical, methodical, organized and eager to learn and to understand how things work. He has the essential communication skills to work across all departments.

Mark is very highly thought of by his peers. He interacts well with all, is a good friend to all, willing to help in any circumstance. Mark is also a very good man, a strong Christian, and a wonderful husband and father. He is extremely skilled, kind and considerate, a pleasure to work alongside.

He deserves high praise. He accomplished so very much at Stonebriar. Personally, I think of him as an exceptional employee, a diligent worker, a lover of challenge, a patient listener and a very good person. If you request further information, I will be more than happy to make myself available.

Sincerely,

Carol Spencer

Did I mention that he is also a very accomplished musician.
